CROSSFIELD BEND

TECHNICAL RIDER
Americana roots trio · crossfieldbend.com

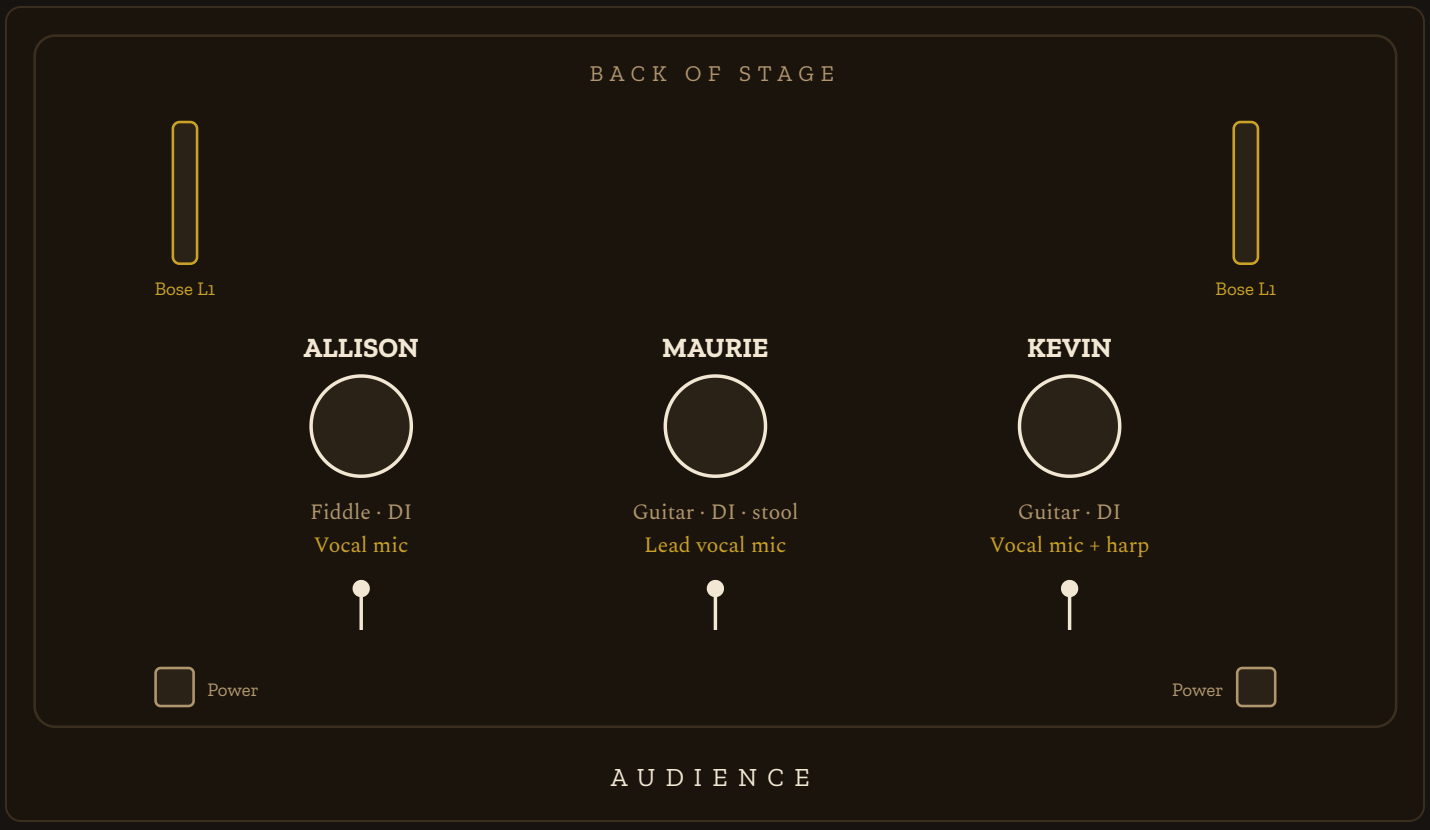

Self-contained. Crossfield Bend brings its own PA (Bose L1 Pro Compact + Bose mixer, plus a smaller system) and mixes itself on stage. For most rooms all we need is **two power outlets.** For larger rooms we can run a left/right line from our mixer to front of house, or run the room ourselves. We generally play without monitors and rely on stage sound.
